<p>REUSE-REDUCE -RECYCLE</p> <p>Reuse means use things again. If you can't reduce, then try to reuse.</p> <p>For example a plastic bottle can be reused as a pencil holder.</p>	<p>Notebook</p>	

Example

Reduce

To reduce waste means to reduce the amount of things you use in the first place so that you have less to throw away.

Recycle

Recycle means using things that have already been used, to make new things.

Only recycle when you can't reduce or reuse.
